"D"eep Thoughts

by: Josh Quellhorst

Greetings DCO'ers!

First, thank all of you for believing in me and making me your DCO representative. I hope I serve all of you well.

- St. Patty's Day Parade Score: DCO -23 vs. Texas Club - 13. Wow! Way to go DCO! Thank you so much for making this event so successful!

- I want to welcome our newest member: Ian Hurd who has recently moved from Virginia to Montana, yet finds us very cool and interesting enough not to make geography matter! We are looking forward to hearing from him.

- If any of you are curious what I have been up to....recently I completed the transformation of my DeLorean "two-tone" interior over the winter. I learned how to remove and reinstall all of the interior parts including new DMCH seat covers with the help of Dave Bauerle, who to me is the Mr. Miyagi of DeLoreans. He also provided a (practice) parts car; thanks Dave (and Gary at Bauerle Automotive)! I also passed the time during the winter months by helping and returning the favor to Dave by organize and cataloging his inventory. Now Josh Haldeman just needs to come up with a website for Dave and he will be golden (nudge, rib, hint)!

- I have put 5,000 trouble-free miles on my car since last May when it made it's maiden voyage and have been tinkering and upgrading it in the meantime. This would include converting the front fender antenna to a rear power antenna, removing the old decals and installing "fresh" NOS decals, a new DMCH dash, cigar lighter, LED lights everywhere but the tail lights and front turn signals(coming soon), converting the two-key system to a single key system, new luggage net, sound deadening material, new rear view mirror and DMC convex side mirror glass, door launchers and trunk popper, to name a few. I plan on upgrading the stereo and adding cruise control as I plan on driving it to Nashville, TN and Indianapolis, IN this year with no worries and even more comfort!. If you need any help with anything on your car, I can now contribute my growing knowledge and experience!

- I would love to hear from all of you on what you have been up to, as do others in our DCO family. Please feel free to send me info on what you have done with your DeLorean as well as any DCO suggestions, ideas, feedback, etc. for the coming year. We can also share it in the next newsletter if you would allow it.

- Don't forget about the upcoming events that are featured in the newsletter; Josh Bengston, our Social Director, has info on an event involving Stainless Works. He will be sharing that with us soon (nudge, rib, hint). I am looking forward to seeing you all at the Indy 500 event and also the British Car Show here in Columbus in May... And of course I will be throwing the opening pitch for the dunk tank ad DCS2012 thanks to all of you!

See you all at the next event!

DCO Annual Meeting Minutes

01/14/12

by: Jenette Yocom

-Meeting called to order by Shannon

-No changes to treasurer report

-New visitors welcomed

-Identities of the Josh's were clarified

-Patty declares she will be raffle car winner at DCS12

-Reminder about Facebook page for the DCO

-Website domain up in November, will renew

-Newsletter - Keep or kill? Members discuss and conclude they are happy with the current print format versus going to a digital format, taking into consideration the quality and cost. Motion to keep the print format, vote by members results in motion carried.

-Activities for 2012 were discussed:

-Unless cost per car to participate in the St. Patty's Day parade in March remains the same as prior year, the club will not participate. Conlon's will still host an event for the weekend, with another attraction if club does not participate in the parade.

-Gilmore overnight trip in the fall, preferably October. This event will also include other DeLorean clubs. Shannon will coordinate the event.

-Camp DeLorean will be coordinated by Dave Baurle, to be scheduled in early September.

-British Car Show at Quaker Steak in Columbus will be May 20th. Coordinated by Josh Q.

-Spring BBQ hosted and coordinated by Sean & Heather on May 26th.

-Celina Lake Festival July 27th - 29th, coordinated by Larry

-Fourth of July parade in Montgomery, coordinated by Cliff

-Auborn Cord Duesenberg museum event possibly in Early May or August.

-DCS12 in Florida June 14th-17th

-Elections

-President: Nomination Josh Q, seconded, vote of members, carried

-Vice President: Nomination Shannon S, seconded, vote of members, carried

Indianapolis Motor Speedway

Saturday May 12, 2012

by: Shannon Yocom

I know Josh Quellhorst emailed out info from Jason Sharkey about this event earlier this year but I just wanted to remind everyone that Jason needs to know if you are attending and payment for this event no later than April 20th.

by: Jason Sharkey

To ensure we're parked as a group, we will be registering everyone at the same time. Please mail your check for \$50, made payable to the IMS Automobile Festival, no later than April 20th to the following address:

Jason Sharkey 2124 E 100 S. Lebanon, IN 46052

We will meet early Saturday morning at the Boone County Fairgrounds in Lebanon (1300 E 100 S, Lebanon, IN 46052), and drive as a group to the Indianapolis Motor Speedway.

Questions? Please contact Jason Sharkey at 317-670-1231

-Discussion of moving the annual meeting to another month. After a quick chastise of Patty by Shannon for her disregard of procedure, members voted 27 votes to keep the month as January, 3 votes to move, carried. Ken K is required to bring Patty whiskey.

-Discussion of location for annual meeting, members are directed to communicate any suggestions to Josh Q.

-Dues remain \$30 per household. Dues cover cost of the newsletter, website, and lunch for the annual meeting as funds are available.

-Review of newsletter contributors, reminder to all the newsletter needs volunteers to write short articles.

-Announcement to members regarding the passing of Del Slaw and Ron Slaw. Motion to contribute \$75 in their name, seconded, and carried.

-Adjourn

Dayton Area Cookout/BBQ Tech Day St. Patrick's Day

Saturday May 26, 2012

by: Sean Lowe

Come and join fellow DeLorean owners/enthusiasts for the annual Cookout/BBQ Tech Day. There will be a five-car garage available for indoor work and plenty of paved outdoor space for parking and working on your D.

Festivities begin at 9am and go until people can get their vehicles back together. Lunch will be as the title suggests and the food is provided. If you need a break from car projects, there is a pool table, ping pong table and theater room in the basement of the house. Later in the evening we can have a bonfire and roast marshmallows.

Please RSVP so the proper amount of food can be prepared.

New Albany Church

by: Josh Quellhorst

Recently I was asked if I would lend my DeLorean to the Pastor, Joel Kovacs, and Co-Pastor, Travis Whittaker, of New Albany, OH church for filming a video segment.

I met them at Starbucks on a brisk morning at 6 a.m. The video was created to show the congregation how the church was first formed by using the DeLorean to "go back in time" to watch the first conversation between Joel and Travis as they formed the church inside Starbucks. Video posted here: <http://vimeo.com/38393376>

This years 2012 St. Patrick's Day Parade in downtown Cincinnati is one for the record books! As you all know each year we are typically in competition with the Texas Club on the attendants of DeLoreans. Well this year the stakes were a little bit higher. This time which ever group had the least amount of DeLoreans for the parade, their leader would be stuck in the dunk tank at DCS 012. So that being said DCO president Josh Quellhorst was on a mission to gather as many DeLoreans as he could. We ended up having a total of twenty three DeLoreans show up from all over Ohio, Kentucky, and Indiana. That is the most we have ever had for this annual event. The Texas Club ended up only having thirteen DeLoreans so it was a slam dunk! (No pun intended.)

The weather couldn't have been better this year which helped in the attendance, but we were determined rain or shine to put up a fight. With the sunny dry weather it seemed like there were more patrons than usual this year as well, and with all those DeLoreans I think we

by: Sean Lowe

were a big hit! It was certainly a site to see and I think our club represented the DeLorean well.

As usual we headed back to the Conlon's for the "after party" lunch for some great food and fellowship. It's always great to have a place to gather and relax after the intensity and noise of the parade. Plus if there is free food involved then you know we are going to show up!

I would like to thank Josh Q. for his hard work and all those that traveled great distances to make it to this years event. I would also like to thank the Conlon's for the great food and hospitality. I can't forget Christophe Moerman for opening up his home to many of us for breakfast to get us off to a good start.

Hopefully the weather will be just as good next year and those that couldn't make it this year will make the trip next time. It's definitely one of my favorite events of the year and if you haven't done it yet your missing out.

Celina Lake Fest

July 27-29, 2012

by: Larry DePasquale

This event includes the International Amphicar Convention, and since I am the coordinator, and a DeLorean owner, you are invited to come on down and join in on the fun. We, (the Amphicar group), are based out of the Eagles Lodge during the festival. The Celina Lake Festival is in its 50th Year and is held downtown Celina and on the beautiful shores of Grand Lake St Marys. The Lake Festival is a three day free fun-filled family event. Crafts, Fireworks, and entertainment start off Fri night along with the Amphicar Swim in and a Cruise In with over 250 cars. Sat kicks off with a car show, (no DeLoreans have been there in a few years), Boat Poker Run, and Parade. Camping is 25% off and hotels are available. you can look at www.celinalakefestival.com or email info@lakefestival.com or you can contact me Larry DePasquale at larry.depasquale@ohiodeloreans.com. This event is fun for all.

July 4th Parade & Annual Pool Party

July 4, 2012

by: Cliff Schmucker

OK, here is the deal: The 4th is on Wednesday this year, and that is the day the City of Montgomery is having their parade... because the 4th is not adjacent to the weekend as it has been for ages, this screws up having a multi-day event because most of us have to work on Tues and Thurs. :-(

I suggest that we plan on doing the parade with pool party afterward as usual. If the weather is terrible, we can go work on cars at my shop.

Columbus Home & Garden Show

by: Dave Bauerle

This year's star attraction at the Columbus Home and Garden show was a 1982 DeLorean owned by Dave and Amy Bauerle. Larry Birchfield of Cedarbrook Nursery and Garden Center contacted Dave about using the DeLorean as the center prop for his "Back Into The Future" theme this year. Larry's displays have won best of show for 38 straight years. This, being Columbus's 200th birthday, gave Larry the idea to showcase Columbus for the past, the present and into the future. The DeLorean was set in the middle of the display,

completely surrounded by a garden of trees and flowers. As you entered the display you would walk through Columbus past and present. Then you walked through a time tunnel in to the future complete with a clock tower and the DeLorean with it's doors up and lights on! Doc brown was sitting in the driver's seat and the flux capacitor was on and running. It was a great display. It received great publicity on TV and in the newspaper several times during the set-up and the 9 day running of the show. The DeLorean was featured everytime. A great speed enhanced video of the seting up of the show and Dave & Amy placing their car in the display was posted on www.dispatch.com/video was posted online.

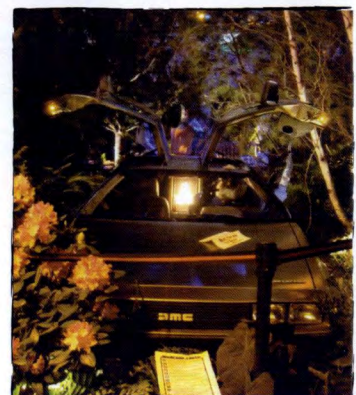

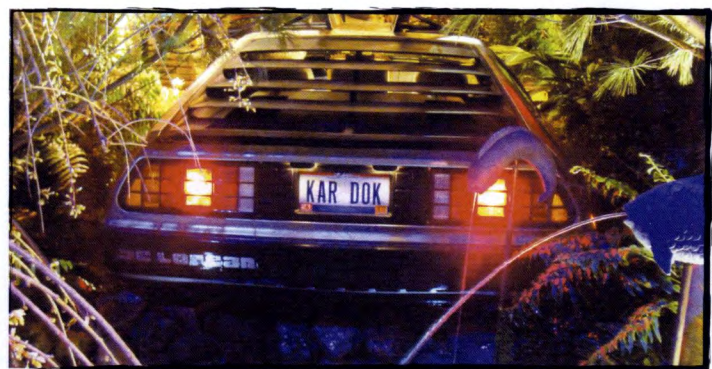

Cavalcade of Customs

by: Mike Damico

This past January, Ken K. & I were invited back (Cliff S. couldn't make it), to participate in the 52nd annual 2012 Cavalcade Of Customs Car Show, held in downtown Cincinnati at the Duke Energy Convention Center. This was my 4th time participating in this show & I think it just gets bigger & better every year. There are always many standby entries hoping for an opening or cancellation to just get into this show, so I feel very fortunate that our cars were invited back. There are thousands of spectators that visit the convention center for this 3 day event & really seem to enjoy our display. Of course there are always plenty of questions to field & the usual ones to correct. (Is DeLorean still in jail?)

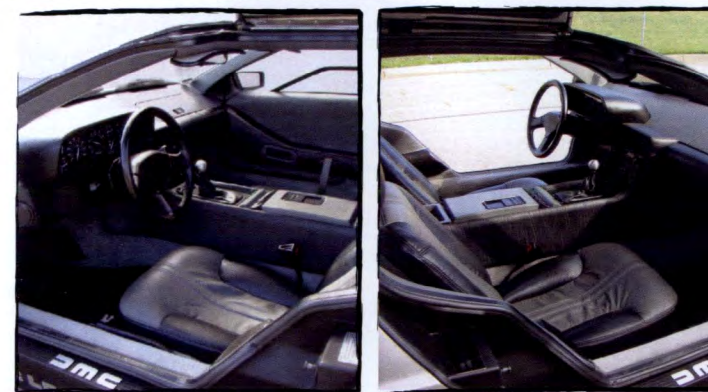

I can't speak for Ken, but I had a great time that whole weekend at the center, having the opportunity to walk around & mingle, check out all the celebrities that appeared there & just look at all those amazing cars. I highly recommend taking in this event which is always in January & usually the 2nd weekend starting on Friday, so check it out next year if you can. This year in the (Foreign Sports Class), Gigawat took (Best In Class) & our car placed 2nd (Outstanding In Class), with both DeLoreans beating out the British Car Club participants who are always tough competition. See you next year!

My New Two Tone Interior

by: Sean Lowe

When I first purchased my car over 12 years ago I always thought that the DeLorean would look good with two tone interior. However at the time I didn't have the time, or the funding to go through with it. I also wanted to make sure I replaced everything with NOS (New Old Stock) parts and not just dye everything in the car. This way everything could be put back to original if ever desired to do so. So

fast forward several yrs later after gathering NOS parts over time, and patience I ended up finally making it happen. I think this gives a unique and modern look to the car. Not a very difficult upgrade to do physically or technically, just acquiring good conditions NOS parts was the hardest part. Even DMCH is running low on good NOS interior parts or they wont sell some items that they are low on.

Gilmore Weekend

October 5-7, 2012

by: Shannon Yocom

I know this event is a long way off but I just wanted to update you on it's progress in case you are not "online" and/or receive club emails. Once again the DCO will be traveling back to the greater Kalamazoo, MI area along with the DeLorean Midwest Connection, MidState DeLorean Club, & DeLorean Motor City to visit the Gilmore Car Museum.

Tentative weekend plans:

Friday = meet up at hotel: relax, hang out, eat & drink in the hotel's restaurant and/or bar.

Saturday = breakfast at hotel, tour the Gilmore - go on driving tour prepared by a local DeLorean owner with a possible stop at a private car collection - evening dinner

Sunday = tour the Air Zoo

I have blocked out 13 rooms at the Four Points by Sheraton (Clairon Hotel at the time of writing this) at a discounted rate of \$89 for a single king room. If we need more rooms they will honor this price. The cut off date to reserve your room at this rate is Friday Sept. 21, 2012. You need to mention that you are with "The DeLorean Group" to receive this discount. The hotel has been newly renovated adding a brand new restaurant and bar. They even have a free car wash station with hose, buckets & rags!

3600 East Cork St. Kalamazoo, MI 49001
269-385-3922

Please RSVP with me so I can coordinate numbers with the Gilmore, Sat evening dinner, & the driving tour.

New Hotwheels

Be on the lookout for these new Hotwheels 2012 Deloreans!

BTTF Movie Car Restoration

At the end of February Bob Gale announced (on www.moviepropcollectors.com) that a complete museum quality restoration of the Back to the Future "A" Car DeLorean is about to begin! He is leading the project and looking for original parts from any of the movie cars. You can read the full article here: <http://tinyurl.com/79qmfa9>

DeLorean Bicycle

DMCH is licensing it's name to an Italian bicycle manufacturer. And yes, it will be made of stainless steel. More info can be found here: <http://tinyurl.com/7ndw2w5> and soon to be here: <http://deloreanbicycle.com/>

This is a good "readers digest" version of John's life. Nothing we all ready don't know but not the usual scathing report. More info here: <http://tinyurl.com/89fnztc>

Stainless Looking Hat

To celebrate their first 65,000 Facebook fans, DMCH is releasing a "very limited edition" DMC Baseball Cap. Hope on www.delorean.com to find out more. Limited to 500 so hurry!

Will-I-am DeLorean

Black Eyed Peas leader Will.I.Am went on The Tonight Show and launched his new car company, IAMAUTO. He says he is using stock Chrysler parts and helping the folks in the ghetto where he came from (<http://tinyurl.com/6sglgyw>). Of course we all knew this to be bunk because it is a DeLorean modified by West Coast Customs.

Jalopnik also discovered his lies and wrote a follow up article: <http://tinyurl.com/6udv8dj>
